The diagram illustrates a class hierarchy. At the bottom is a gray-shaded box representing a base class, labeled "crc64a0e0a82d0db9a07d.Battery BroadcastReceiver". Two blue arrows point upwards from this base class to two separate white boxes above it. The left white box is labeled "BroadcastReceiver", and the right white box is labeled "IGCUserPeer". This indicates that both "BroadcastReceiver" and "IGCUserPeer" inherit from the base class.
